I/M Jurisdiction Report

Arizona

Last updated on: 05/04/2022

Program Area	Phoenix
Boundaries	Most of Maricopa County, and small portions of Pinal (Town of Apache Junction, Gold Canyon Ranch, San Tan Valley and Town of Queen Creek), and Yavapai (Castle Hot Springs and Lake Pleasant) Counties.)
Air Quality Status	O3: 8 hr Non-attainment - not classified CO: Attainment with maintenance PM: Non-attaiment - serious
Program Name	Arizona Vehicle Emissions Inspection
Network Type	Centralized
Number of Test Stations	15
Contractor	Gordon Darby
Contract Type	Management Contract (VID + Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	We have awarded a new emission testing contract to Gordon Darby Arizona Testing (GDAT) which commenced on July 1, 2021.
Test Equipment Providers	
Other Fee Info	Test fees vary by test type: IM147 and OBD - $17.00 Loaded/Idle - $16.00 HDDV- $25.00 Snap Idle - $25.00 Contractor fee for OBD tests: $13.00, for IM147, Loaded/Idle: $13.50 and HDDV/Snap Idle: $23.50

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	5
Tests Required for Resale	Yes
Inspection Frequency	Mixed (Annually & Biennially)
Enforcement Method	Registration Denial
Inspection Window	No more than 90 days prior to registration renewal.
Total Number of Vehicles	
Total # of Annual Tests	1,300,000
Remote Sensing Program	We are starting in August 2021 a 3 year remote sensing pilot program to determine the viability of an alternate testing program.
Remote OBD Program	No
Remote OBD Description	

Model Year Ranges

Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
1967	1974	Loaded	$ 200.00	Gasoline	Up to 8,500	
1967	2017	Opacity,Cap, Visual	$ 0.00	Diesel	Up to 8,500 lbs./8,501to14,000/Over 14,000	
1975	1979	Loaded,Cap, Visual	$ 300.00	Gasoline	Up to 8,500 lbs.	
1980	1980	Loaded,Cap, Visual	$ 450.00	Gasoline	Up to 8,500 lbs.	
1981	1995	IM147, Pressure,Cap	$ 450.00	Gasoline	Up to 8,500 lbs.	
1996	2017	OBD,Cap	$ 450.00	Gasoline, Hybrid	Up to 8,500 lbs.	
1997	2017	OBD,Cap, Visual	$ 450.00	Diesel	Up to 8,500 lbs.	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	1981+ vehicles tested biennially Pre-1981 vehicles tested annually Waivers for diesels are similar to that of gasoline vehicles Hybrids Tested - Yes Safety Inspection - No
New Developments	OBD test system has been updated for CAN protocol. Inspection stations have OBD Only test lanes. OBD testing for Light Duty Diesel vehicles.
Repair Tech Licensing	Inspectors and Agents for Self-Test Fleets, pass annual training courses with > 80%, separate courses for diesel and gas.
Repair Effectiveness Index	No
Waiver Requirements	Repair cost limits are allowed once in a vehicle lifetime.
Exemptions	All motorcycles Collectible vehicles (as identified by collectible vehicle insurance) Pro-rated (licensed in more than one state) vehicles Electric powered vehicles Vehicles with an engine displacement of less than 90 cubic centimeters Non-motorized vehicles or trailers Vehicles leased to a person residing outside the emission control area; and Vehicles transferred between dealers (wholesale).
Reciprocity: Out of State Vehicles	An out-of-sate vehicle will be tested if the motorist presents the vehicle, the registration or title, and the fee at the test station.
Reciprocity: Vehicles Out of I/M Area	Vehicles located in a testing area are required to get tested. Motorists must then submit a Vehicle Inspection Report (VIR) and pay the $9.50 exemption fee through the on-line portal MyDEQ (http://www.myazcar.com/exemptions).

I/M Jurisdiction Report

California

Last updated on: 02/25/2025

Program Area	**Statewide**
Boundaries	Statewide
Air Quality Status	O3: Ranges from attainment to extreme CO: Attainment PM: Ranges from attainment to extreme
Program Name	Smog Check
Network Type	Decentralized
Number of Test Stations	8,423
Contractor	OnCore Consulting LLC. Merged into Voyatek in 2024.
Contract Type	California Vehicle Information Database (VID) Contract
Contract Expiration	
Other Contract Info (Contract Extensions)	
Test Equipment Providers	Inspection equipment vendors: OPUS IVS (Drew Technologies), Applus Technologies, Worldwide Environmental Products
Other Fee Info	State Certificate Fee: $8.25 Average Inspection Fee: $62.45 (market driven) Total Fees: $70.70

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	9th model year, began January 1, 2019
Tests Required for Resale	Yes
Inspection Frequency	Biennial
Enforcement Method	Registration Denial
Inspection Window	90 days before due date
Total Number of Vehicles	~25,264,000 vehicles, as of December of 2020, are subject to Smog Check. ~20,653,000 vehicles were inspected between 1/1/2019 to 12/31/2020.
Total # of Annual Tests	11,260,865
Remote Sensing Program	No
Remote OBD Program	Yes (pilot study). Only government fleets are currently eligible.
Remote OBD Description	Government fleets can install ROBD and skip traditional Smog Check if vehicle repaired after OBD fault detected. If fault not repaired, or no data received, traditional Smog Check required.

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1976	1999	ASM/OBD /TSI,Cap /Evap,Visual	$ 650.00	Gasoline	All	1,346,777
	1998	2023	OBD,Visual, Visual Smoke	$ 650.00	Gasoline + Diesel	Under 14,001 GVWR	8,876,969

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Gasoline powered, all weights (and CNG, LPG, LNG under 14,001 GVWR): 1976 and newer. 1976 to 1995 get BAR-97 tailpipe focused inspection (ASM/TSI tailpipe, visual, functional EGR, fuel cap, fuel evaporative, timing, visible smoke, liquid fuel leak. Gasoline powered, all weights (and CNG, LPG, LNG under 14,001 GVWR) powered: 1996 to 1999 get BAR-97 tailpipe focused inspection (ASM/TSI tailpipe, visual, functional OBD, visible smoke, liquid fuel leak). Diesel powered: 1998 and newer model years, less than 14,001 lbs. BAR-OIS inspection: visual, functional OBD (where OBDII equipped), visual smoke Gasoline powered, under 14,001 GVWR (and CNG, LPG, LNG under 14,001 GVWR): 2000 and newer model years. BAR-OIS inspection: visual, functional OBD, visual smoke Diesel: no model year exemptions. First test at 2 years. Gasoline: first 8 model years exempt from biennial, first 6 model years exempt from change of ownership inspection. Hybrids: 2000 and newer. Same model year exemptions as gasoline vehicles. Diesel, CNG/LPG/LNG powered vehicles over 14,000 pounds GVWR. No model year exemption. Safety Inspection - No
New Developments	Failing vehicles with modified software beginning July 19, 2021. Preparing regulations for enhanced OBD scan tool ("DAD" portion of BAR-OIS; OBD focused inspection equipment), biometric device, and camera for interaction.
Repair Tech Licensing	All technicians who inspect or repair vehicles require a license. BAR has separate Inspector and Repair Technician licenses. The license requires training, experience (additional education can be used in lieu of experience), and passing an exam.
Repair Effectiveness Index	Yes
Waiver Requirements	Spend at least $650 on emissions related repairs for a one-time repair cost waiver. Vehicles being initially registered in CA, undergoing a change of ownership, and vehicles with tampered emission controls are not eligible for repair cost waivers.
Exemptions	Non-diesel powered vehicles model-year 1975 and older Diesel-powered vehicles model-year 1997 and older Vehicles with two-cycle engines Full-electric vehicles

Reciprocity: Out of State Vehicles	Vehicles may be tested in California to meet registration requirements for students, military personnel, and others temporarily residing in California at the time of their vehicle's home state registration renewal.
Reciprocity: Vehicles Out of I/M Area	Call a California DMV field office or access DMV's website at www.dmv.ca.gov to find out requirements for registering a vehicle if it is temporarily outside of California at the time of renewal.

I/M Jurisdiction Report

Georgia

Last updated on: 03/25/2026

Program Area	**Metro Atlanta**
Boundaries	13 county metro Atlanta area consisting of the following counties: Cherokee, Clayton, Cobb, Coweta, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry, Paulding, and Rockdale.
Air Quality Status	Attainment for the 2008 Ozone standard, SIP revision submitted for attainment of the 2015 Ozone standard
Program Name	Georgia's Clean Air Force - GCAF Website www.cleanairforce.com
Network Type	Decentralized
Number of Test Stations	705 stations with 812 test lanes Approximately 2,750 certified inspectors.
Contractor	Opus Inspection
Contract Type	VID/Service Center/Auditing (covert, overt)/Training/Waiver Centers/Consumer Hotline
Contract Expiration	
Other Contract Info (Contract Extensions)	Contract includes Auditing (covert, overt), inspector/station owner certification and recertification (2 yrs), monthly reporting, EPA Annual reporting, providing customer service centers, toll free help line, and public outreach (public information and consumer protection). ASE L1 certified technical services to verify repairs prior to a repair waiver approval.
Test Equipment Providers	Opus Inspection and Worldwide Environmental Products provide Georgia Analyzer Systems (GAS) units.
Other Fee Info	Market fee capped by state law/rule between $10 and $25, including state and contractor fee. State Fee - $1.28, County Fee - $1.00, Contractor Fee: $1.74, Inspector Fee - $5.98 - $20.98 Total Inspection Fee - $10.00 - $25.00

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	4
Tests Required for Resale	No
Inspection Frequency	Annual based upon registration renewal date.
Enforcement Method	Registration Denial with direct transmission from the VID to the DMV
Inspection Window	364 days before due date
Total Number of Vehicles	+3,200,000 Subject vehicles
Total # of Annual Tests	2025 - 3,250,000
Remote Sensing Program	No longer needed for program evaluation due to meeting attainment. Was the longest running in the country, used for program evaluation. Conducted by the Georgia Tech Air Quality Lab.
Remote OBD Program	No
Remote OBD Description	

Model Year Ranges	**Oldest**	**Newest**	**Test Types**	**Waiver Amount**	**Fuel Types**	**Weight Classes**	**Test Volume**
	2002	2023	OBD/TSI	$ 1,160.07	Gasoline, Hybrid, Bi-fueled	Up to 8,500	+3,200,000

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No
New Developments	Georgia has developed software and hardware upgrades for all equipment. GAS units use TCP/IP to connect to the VID, inspectors use finger vein biometrics for identification, 2-D barcode scanners are required for scanning VINs and Inspector badges.
Repair Tech Licensing	No
Repair Effectiveness Index	Repair Watch Public Report issued quarterly and may be downloaded from the program website www.cleanairforce.com. The last Repair Watch Public Report was issued January 2025.
Waiver Requirements	Repair waiver = $1,176 in 2026. Must show repairs addressing DTCs.
Exemptions	The newest 3 model years are exempt. Vehicles with a GVWR over 8500 are exempt. Vehicles powered by diesel fuel or run exclusively on alternative fuels (natural gas, propane, etc.) are exempt Senior Citizen Exemption: - The vehicle is driven less than 5,000 miles per year; - The vehicle is 10 model years old or older; - The owner is 65 years of age or older, - The odometer must be in working order Antique Vehicles - model year vehicles 25 years old or older
Reciprocity: Out of State Vehicles	At the owner's request, stations can test any vehicle within the model years allowed in Georgia (i.e., 24 years old and newer with OBD). OBD testable vehicles can receive an inspection (gasoline or diesel) for out of state compliance.
Reciprocity: Vehicles Out of I/M Area	Any passing test by another state for vehicles temporarily located more than 100 miles from the closest county seat where emissions are performed. With the test report, documentation of why vehicle cannot be tested in GA is required (college enrollment, military orders, etc.) along with registration information, the vehicle owner is then issued an extension for the period vehicle will be absent or for 12 months, whichever is shorter. The vehicle must be tested upon return to Georgia.

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes
New Developments	
Repair Tech Licensing	Yes, upon completion of a comprehensive training program (must score >80% on test)
Repair Effectiveness Index	No
Waiver Requirements	No waiver program
Exemptions	The most recent two model-year vehicles are exempt from OBD testing. All gasoline-fueled vehicles (including passenger cars, light-duty trucks and heavy-duty trucks) manufactured before 1980 are exempt from OBD testing. Diesel-fueled vehicles converted to gasoline-fueled vehicles are inspected according to each motor vehicle manufacturer's make and model year requirements for emissions control systems.
Reciprocity: Out of State Vehicles	Will test out-of-state vehicles
Reciprocity: Vehicles Out of I/M Area	Louisiana has a sticker based and not registration denial program. Vehicles registered within the five-parish ozone non-attainment area are required to have an emissions test when domiciled in this area. While outside the regulated area, consumer should adhere to local laws of that area.

I/M Jurisdiction Report

Maryland

Last updated on: 05/03/2023

Program Area	**DC, Baltimore, Hagerstown, Philadelphia MSAs**
Boundaries	Anne Arundel County, Baltimore City, Baltimore County, Calvert County, Carroll County, Cecil County, Charles County, Frederick County, Harford County, Howard County, Montgomery County, Prince George's County, Queen Anne's County, Washington County.
Air Quality Status	Marginal
Program Name	Vehicle Emissions Inspection Program
Network Type	Centralized
Number of Test Stations	18
Contractor	Opus Inspection / Envirotest of MD
Contract Type	Management and Operations Contract
Contract Expiration	
Other Contract Info (Contract Extensions)	Contractor Fee - $7.00 State Fee - $7.00 Total Inspection Fee - $14.00
Test Equipment Providers	
Other Fee Info	$15 late fee every 28 days. $10 test fee at self service kiosks.

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	4
Tests Required for Resale	No
Inspection Frequency	Biennial
Enforcement Method	Registration Suspension
Inspection Window	6 months
Total Number of Vehicles	3.5 Million
Total # of Annual Tests	1.6 Million
Remote Sensing Program	Program Evaluation, Biennial
Remote OBD Program	No
Remote OBD Description	

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1977	2007	Idle,Cap	$ 450.00	Gasoline	8,501 to 14,000	32,998
	1977	2016	Idle,Cap	$ 450.00	Gasoline	Over 14,000	981
	1996	2016	OBD	$ 450.00	Gasoline	Up to 8,500	1,431,466
	2008	2016	OBD	$ 450.00	Gasoline	8,501 to 14,000	14,893

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No Self-testing Fleets
New Developments	Self service kiosks added in 2015 for 2005+ light duty, and 2008+ heavy duty vehicles at a discounted fee of $10. Approximately 10% of eligible test volume currently test at kiosks. In January 2018, the grace period was extended to three years and light duty vehicles model year 1995 and older are no longer tested.
Repair Tech Licensing	Voluntary certification
Repair Effectiveness Index	No
Waiver Requirements	$450 spent addressing the identified DTC(s) of failure
Exemptions	The newest 3 model years Zero Emission Vehicles Motorcycles, Ambulances Vehicles weighing over 26,000 pounds 1995 model year vehicles or earlier 8,500 lb or less 1976 model year vehicles or earlier exceeding 8,500 lb Senior citizens 70 years or older who drive 5,000 miles or less per year Disabled individuals who drive 5,000 miles or less per year Vehicles powered solely by diesel or electric.
Reciprocity: Out of State Vehicles	Motorists, with vehicles that are registered out-of-state, who are temporarily residing in Maryland, will be provided with emissions testing. For such vehicles the vehicle will be tested as an unscheduled (Out of State) test and the motorist will be required to forward the results to their home state. These vehicles can only be tested at the centralized, full-service stations.
Reciprocity: Vehicles Out of I/M Area	If a vehicle owner with Maryland registration is out of state for business, military, school, etc. and they are located in any I/M state they are advised to have the vehicle tested and submit the test results to the Motor Vehicle Administration. The vehicle record will be updated for two years from the Inspection Due Date or issued a 120 day extension as required to make necessary repairs and retest vehicle. Maryland accepts emissions testing from all I/M states.

Massachusetts

Last updated on: 03/26/2025

Program Area	**Statewide**
Boundaries	
Air Quality Status	Unclassifiable/Attainment, for the current 2015 ozone NAAQS
Program Name	Massachusetts Vehicle Check
Network Type	Decentralized
Number of Test Stations	1,750
Contractor	Applus, now Opus
Contract Type	Management Contract (VID + Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	1 additional 3 year extension possible
Test Equipment Providers	Total Inspection Fee - $35.00 Contractor Portion - $1.366 State Portion - $10.134 Inspection Station Portion - $23.50
Other Fee Info	Commercial Vehicle Inspection (FMCSA compliant) is $35 base fee plus supplemental market rate fee (labor rate x time to perform inspection) reflecting complexity of commercial vehicle being inspected.

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	1
Tests Required for Resale	Yes
Inspection Frequency	Annual
Enforcement Method	sticker based law enforcement
Inspection Window	One Month for Initial Inspection; 60 days following initial inspection failure to pass or receive a waiver or economic hardship extension.
Total Number of Vehicles	5.5 million
Total # of Annual Tests	4,800,000 Inspections (Emissions + Safety, and Safety-Only)
Remote Sensing Program	No
Remote OBD Program	No
Remote OBD Description	

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1984	2008	Opacity	$ 0.00	Diesel	>10,000	30,486
	2009	2024	Opacity	$ 0.00	Diesel	>14,000	49,560
	2009	2025	OBD	$ 0.00	Gasoline, Diesel,Hybrid	Up to 8,500	3,355,530
	2009	2025	OBD	$ 0.00	Diesel	8,501 to 14,000	23,854
	2009	2025	OBD	$ 0.00	Gasoline	8,501 to 14,000	110,225

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes
New Developments	Waiver amounts updated annually for inflation; in-bay video and still cameras capture inspection; photos of inspector at login.
Repair Tech Licensing	Documented repairs by registered technician required for waiver, and documented estimates by registered technician required for economic hardship extension. Registered Repair Facilities must employ ASE L-1 repair tech; only RRF's printed on VIR as places to get repairs; website listing; brochures steer failing motorists to RRF's
Repair Effectiveness Index	Updated quarterly, based on previous six months of repair data.
Waiver Requirements	For calendar year 2025: $1110 up to 5 years old; $1010 for 6-10 years; $910 for >10 years. No waivers for: cat, misfire, and energy storage DTCs. Economic hardship extension for private cars when repair estimates exceed 1.5 times waiver amount, except at resale or initial registration.
Exemptions	Vehicles 15 years old or older exempt from emissions, except diesels subject to the opacity test. All vehicles receive safety test annually. New vehicles receive OBD scan when first registered (not an official test) for use in future fraud detection & enforcement and for consumer protection.
Reciprocity: Out of State Vehicles	Out of state vehicles will receive the identical test type applicable to State registered vehicles of that model year. Commercial vehicles and commercial truck/trailer combinations over 10,000 GCVWR will receive the equivalent of an annual FMCSA/DOT inspection.
Reciprocity: Vehicles Out of I/M Area	MA registered vehicles must pass the emissions and/or safety test given in the jurisdiction of operation (or emissions and FMVSA/DOT inspection in the case of commercial vehicles and/or trailers). The vehicle and/or trailer then has 15 days in which to have emissions and/or safety test after returning to MA, provided it has a valid sticker from the out of state and/or has completed out-of-state verification form.

	1997	2022	OBD	$ 450.00	Diesel	Up to 8,500	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Typically new vehicles are not required to get an inspection until two years after the model year, unless there is a title transfer Hybrids Tested - Yes, All Hybrid Electric Vehicles receive the OBD II test. HEVs are exempt from the RPM requirement during KOER and OBD communications portions of the OBDII test Safety Inspection - 1995 and older LDG & and 1996 and older LDD and all HD
New Developments	LDG: Cat & O2 monitors must be supported (Some Exceptions); Cat monitor must be complete for Readiness: Pass if Cat DTC reported on prior test; LDD: 2009 & older: all supported monitors must be complete; 2010 & later: if has 6 supported monitors - 1 allowed 'Not Complete'
Repair Tech Licensing	Yes - Emissions only- Missouri Recognized Repair Technician (RRT) requires that ASE A6, A8, L1 be and remain current; IM required to notify DNR of updating of certification or lose MRRT status. Shop employing MRRT listed in related database & on inspection report if emission failure (along with 9 others)
Repair Effectiveness Index	Not in place at this time
Waiver Requirements	Must Pass: MIL-KOEO, DLC, OBD Communications, Readiness to allow any type; Repair Waiver: $450 qualified parts or parts + labor if done by MRRT; $400 qualified parts for self repairs; $200 for owner's receiving disability assistance; Estimate Waiver: allowed if single DTC, diagnosis of DTC cause done & explained on invoice; repair cost determined as greater than $450 parts & labor
Exemptions	Vehicles over 8,500 pounds GVWR; 1995 and older LDG; 1996 and older LDD; Mileage Based: On-cycle only; Submit application and approved odometer documentation to state for: 2 year old vehicle driven < 40,000 miles 4 year old vehicle driven <12,000 miles since last inspection cycle 6, 8, 10, etc. year old vehicle driven <12,000 miles – safety inspection is required documentation; Vehicles operating exclusively on non-gasoline or non-diesel fuel source Exception: Qualified plug-in electric vehicle: one that utilizes electric power obtained by on-board and external plug-in electrical generation source
Reciprocity: Out of State Vehicles	Missouri vehicle owners may obtain and submit documentation of OBDII compliance acquired through another state's OBDII inspection program for registration if vehicle out of state at time of renewal. Vehicles registered in other states may obtain a Missouri OBDII inspection for $24; should ensure vehicle's registration state allows a Missouri's emissions inspection to be used for registration.
Reciprocity: Vehicles Out of I/M Area	Missouri accepts OBD II tests from states or jurisdictions that participate in pass/fail OBD inspections.

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes Requirements applicable to all light-duty vehicles less than 20 model years old
New Developments	Inspection stickers to be affixed to the lower, driver side corner of a vehicle's windshield. Redesigned inspection stickers will have both the month and year of expiration printed on them. Economic Hardship Time Extension Waiver and Low Mileage Waiver approved November 2019.
Repair Tech Licensing	None
Repair Effectiveness Index	No
Waiver Requirements	Economic Hardship Time Extension Waiver - A privately owned vehicle that has failed the OBD inspection yet meets all other safety inspection requirements is eligible for an economic hardship time extension waiver if the owner cannot make the necessary repairs due to economic hardship. Low Mileage Waiver - A privately owned vehicle that has failed the OBD inspection yet meets all other safety inspection requirements and has driven 3,000 miles or less in at least a 12-month period from the last safety inspection is eligible for a low-mileage waiver if the owner cannot make the necessary repairs due to economic hardship.
Exemptions	New vehicles with less than 1000 miles are exempt from OBDII readiness requirement. Vehicles older than 20 years only receive the safety inspection, not the OBD test.
Reciprocity: Out of State Vehicles	Existing rules provide for testing of out-of-state vehicles when required by that state. Out-of-state residents may have their vehicles inspected at any certified NH inspection station. As of December 31, 2020, there were 2,141 full-time inspection stations, all of which display a sign that identifies them as a NH certified station.
Reciprocity: Vehicles Out of I/M Area	Yes

I/M Jurisdiction Report

New Jersey

Last updated on: 10/07/2024

Program Area	Statewide
Boundaries	
Air Quality Status	Ozone: marginal non-attainment CO: attainment PM: attainment
Program Name	New Jersey Vehicle Inspection Program
Network Type	Hybrid
Number of Test Stations	Private Inspection Facilities: 1,126 Centralized Inspection Facilities: 25 Specialty Inspection Facilities: 3
Contractor	Parsons Environment and Infrastructure
Contract Type	Management Contract (VID + Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	
Test Equipment Providers	Centralized: Parsons Environment and Infrastructure Private: Parsons Environment and Infrastructure
Other Fee Info	Centralized tests are no fee in lane. Contractor is paid by state. Decentralized tests are market driven and average $70

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	Non-Commercial: 5 Commercial: 1
Tests Required for Resale	No
Inspection Frequency	Commercial: Annual Non-commercial: Biennial
Enforcement Method	Windshield sticker
Inspection Window	
Total Number of Vehicles	7,500,000
Total # of Annual Tests	2,300,000
Remote Sensing Program	None
Remote OBD Program	None
Remote OBD Description	

Model Year Ranges

Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
1960	2025	Opacity	$ 0.00	Diesel	Over 18,000	
1996	2025	OBD	$ 0.00	Gasoline	Up to 8,500	
1997	2025	OBD	$ 0.00	Diesel	Up to 8,500	
2008	2025	OBD	$ 0.00	Gasoline	8,501 to 14,000	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection only for commercial vehicles Commercial vehicles have 1 year new vehicle exclusion
New Developments	
Repair Tech Licensing	https://dep.nj.gov/stopthesoot/ert/
Repair Effectiveness Index	No
Waiver Requirements	No waivers
Exemptions	Historic motor vehicles, Collector motor vehicles Battery electric vehicles, Motorized bicycles Farm tractors and traction equipment, Farm machinery and implements Fire trucks having a GVWR of more than 8,500 pounds In-transit construction equipment, and state Contractor equipment in transit Diesel-fueled motor vehicles having a GVWR of 8,501 to 17,999 pounds are required to be inspected by the owner or lessee Omnibuses and school buses subject to inspection by Motor Vehicle Commission Tactical military vehicles operated on Federal installations
Reciprocity: Out of State Vehicles	Out of state vehicles tested in New Jersey must be tested at a Private Inspection Facility (PIF). The Centralized Inspection Facilities (CIF's) will not handle out of state vehicles because they only perform free inspections for NJ registered vehicles.
Reciprocity: Vehicles Out of I/M Area	NJ will allow residents to defer their inspection to another time, but accept out of state inspections from other jurisdictions as proof of compliance.

I/M Jurisdiction Report

New York

Last updated on: 04/20/2026

Program Area	**Statewide**
Boundaries	Downstate area: 9 county NY Metro Area including 5 boroughs of New York City, Nassau, Suffolk, Rockland, & Westchester Counties. Remainder of state (53 counties) including Buffalo, Rochester, Syracuse, Troy, Utica, Binghamton, and Albany
Air Quality Status	The 9-county New York Metropolitan Area (NYMA) is in nonattainment for the revised 8 hr ozone standard (2015). The entire state is within the Ozone Transport Region (OTR)
Program Name	New York Vehicle Inspection Program NYVIP3
Network Type	Decentralized
Number of Test Stations	10,000
Contractor	Opus Inspection, Inc.
Contract Type	Management Contract (VID + Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	HDDV I/M integrated opacity meter in NYMA as part of NYVIP3
Test Equipment Providers	Total Inspection Fee (max), low enhanced or OBDII with safety - NYMA:$37.00; Upstate: $21.00 State Safety/Emissions Sticker Fees - $6.00
Other Fee Info	Downstate: $27.00 emissions test, plus $10.00 safety inspection. Upstate: $11.00 emissions test, plus $10.00 safety inspection. HDDV opacity test $25, safety fee varies by weight.

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	OBD: 2 model years - Currently MY 2023
Tests Required for Resale	Yes
Inspection Frequency	Annual
Enforcement Method	Registration + Sticker
Inspection Window	
Total Number of Vehicles	10,638,995
Total # of Annual Tests	11,774,025 CY 2021
Remote Sensing Program	No
Remote OBD Program	No
Remote OBD Description	N/A

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1900	2000	Safety Only	$ 0.00	Gasoline	Up to 8,500	
	2001	2023	Low enhanced	$ 0.00	Gasoline	8,501 to 18,000	
	2001	2023	OBD	$ 450.00	Gasoline	Up to 8,500	
	2001	2023	OBD	$ 450.00	Diesel	Up to 8,500	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes
New Developments	The NYTEST tailpipe emission inspection program, which operated within the NYMA since 1998, ended on December 31, 2010. NYVIP2 ended 11/30/23 NYVIP3 began 12/01/23
Repair Tech Licensing	No
Repair Effectiveness Index	Yes
Waiver Requirements	Minimum repair expenditure of $450 for qualifying repairs, re-inspection required. 10-day time extension for OBDII failure due to readiness. To qualify, the vehicle must pass safety, fail only readiness, and current inspection sticker must be expired.
Exemptions	Electric-powered vehicles, motorcycles, vehicles with historic or farm registration Low enhanced (NYVIP3): vehicles 25 model years old and older. For example during calendar 2025, vehicle model years 2000 and older are exempt from emissions testing. OBDII (NYVIP3): light-duty vehicle less than 2 model years old. For example during calendar year 2025, vehicle model years 2024 and 2025 are exempt from emissions testing. HDDV I/M: heavy-duty vehicles registered in the 53-county Upstate I/M area are exempt from annual opacity testing (still subject to roadside enforcement)
Reciprocity: Out of State Vehicles	A vehicle registered outside of New York may be tested at any licensed inspection station. For OBDII and low enhanced emissions inspections, the VIN must be manually entered and the inspector must select "Out-of-State Vehicle" as the manual entry reason in order for the inspection to proceed.
Reciprocity: Vehicles Out of I/M Area	A New York registered/plated vehicle must be inspected by a licensed New York State inspection station. A NYS vehicle located in another state may receive an inspection in that state which will be valid until the vehicle returns to NY

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety / Tamper Inspection - Yes
New Developments	*North Carolina removed 26 counties from annual motor vehicle emissions testing on December 1, 2018. Completed* *The final State Implementation Plan (SIP) Revision Related to Changing the Vehicle Model Year Coverage for 22 Counties Subject to North Carolina's Motor Vehicle Emissions Inspection and Maintenance (I&M) Program was submitted to EPA on July 25, 2018. This SIP submitted proposes to change the vehicle model year coverage to a rolling 20-year cycle based on the current year. Completed* *North Carolina removed 3 counties (Lee, Onslow, and Rockingham) from the annual vehicle emissions testing on November 1, 2022. Completed* Proceeding with State Implementation Plan changes necessary to remove eighteen counties (Alamance, Buncombe, Cabarrus, Cumberland, Davidson, Durham, Forsyth, Franklin, Gaston, Guilford, Iredell, Johnston, Lincoln, New Hanover, Randolph, Rowan, Union, and Wake) from the Inspection and Maintenance (I&M) program. The removal of these eighteen counties was enacted in Section 12.7 of Session Law (S.L.) 2023-134 (House Bill 259) of the 2023 session of the North Carolina General Assembly effective October 3, 2023. Once approved by EPA Mecklenburg County alone will remain subject to the I&M program. Potential eta 2026
Repair Tech Licensing	
Repair Effectiveness Index	No
Waiver Requirements	Fail 2 inspections and a minimum of $200.00 for OBD repairs
Exemptions	Three newest model year vehicles with less than 70,000 miles on odometer. Rolling 20 year window Heavy-duty gasoline vehicles over 8,500 lbs. GVWR Diesel-powered vehicles Plug-in electric vehicles Motorcycles Vehicles older than 35 years are not required to receive any type of inspection.
Reciprocity: Out of State Vehicles	North Carolina does not require vehicles operated in North Carolina testing areas with out-of-state plates to be tested.
Reciprocity: Vehicles Out of I/M Area	Obtain emissions inspection in the jurisdiction where vehicle is located. If jurisdiction does not have an emissions inspection program the NC DMV will issue a one-year exemption, if documentation is provided, such as military orders, college transcripts, letter from employer, etc. showing the vehicle is out of state. Individuals can renew the exemption each year they are out of the state, after providing documentation.

I/M Jurisdiction Report

Oregon

Last updated on: 07/21/2023

Program Area	**Portland, Medford**
Boundaries	Metro Portland Area and Jackson County; testing is determined by census tracks not county boundaries. 6 Testable Areas have been redefined as Portland Metropolitan and Medford (Rogue Valley) Areas. Jackson County encompasses the Medford Area.
Air Quality Status	Attainment/Maintenance
Program Name	Vehicle Inspection Program (VIP)
Network Type	Hybrid: Centralized + Remote OBD
Number of Test Stations	7
Contractor	Opus Inspection
Contract Type	Maintenance contract
Contract Expiration	
Other Contract Info (Contract Extensions)	No limit on contract extensions
Test Equipment Providers	State Fee - $25.00 Total Inspection Fee - $25.00
Other Fee Info	$25 for certification in Portland area. $20 for certification in Medford area.

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	5
Tests Required for Resale	No - test is only required when tags expire and not for a title transfer. However, the test is free so a potential buyer can have a vehicle tested prior to purchase.
Inspection Frequency	Biennial
Enforcement Method	Registration Denial
Inspection Window	90 days before due date
Total Number of Vehicles	1,200,000
Total # of Annual Tests	677,480
Remote Sensing Program	No
Remote OBD Program	Yes
Remote OBD Description	Telematic OBD devices located at dealerships, fleets, or host facilities. A device may be continuously connected to one vehicle or shared with multiple vehicles. The test data is stored and managed by DEQ. A DEQ website allows owners to check their results and pay for a certificate if desired. Owners may also pay for their tags online which are delivered by mail within a few days.

Model Year Ranges

Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
1975	1995	Idle	$ 0.00	Gasoline	No Limit	88,475
1975	1996	Idle,Opacity	$ 0.00	Diesel	Up to 8,500	928
1996	2018	OBD	$ 0.00	Gasoline	Up to 8,500	578,823
1997	2018	OBD	$ 0.00	Diesel	Up to 8,500	5,190
2013	2018	OBD	$ 0.00	Gasoline	Over 8,500	2,855

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No
New Developments	Wireless OBDII Transponders and self testing Kiosk, OBD for HDG 2013+ Model Years
Repair Tech Licensing	BAR 90 or newer analyzer, training, ASE Certified
Repair Effectiveness Index	No
Waiver Requirements	No repair waivers
Exemptions	New vehicles receive 4 years exemption (grace period) Diesel vehicles with GVWR over 8,500 Vehicles that only run on natural gas. (Test Propane vehicles. Vehicles that are dedicated Natural Gas) Fully electric vehicles
Reciprocity: Out of State Vehicles	No special requirements. May receive a free voluntary test if VIR acceptable to registered state.
Reciprocity: Vehicles Out of I/M Area	If the vehicle is located in a state or area that has an I&M testing program it must pass the test for that area. If the vehicle is located within 150 miles of Oregon it must return and be tested.

	1996	2025	OBD,Cap	$ 450.00	Gasoline	Up to 8,500	
	1996	2025	TSI,Visual	$ 450.00	Gasoline	8,501 to 9,000	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes
New Developments	
Repair Tech Licensing	Yes
Repair Effectiveness Index	No
Waiver Requirements	$450 minimum. If only one item will repair the failure, then repair must be made even if it exceeds $450. Excluded are expenses incurred to repair emission controls found to be tampered; rendered inoperative; rendered inaccessible; not installed
Exemptions	Vehicles driven less than 5,000 miles in the year prior to inspection (vehicle must be owned by one individual for at least 1 year to be eligible); New vehicles, not previously titled and driven 5,000 miles or less before first registration; Vehicles a GVWR over 9,000 pounds; Motorcycles; Street rods; Antiques, collectibles, classics and Diesel-powered vehicles.
Reciprocity: Out of State Vehicles	Any vehicle from any state can be tested
Reciprocity: Vehicles Out of I/M Area	Pennsylvania vehicles must be tested in Pennsylvania. If a Pennsylvania vehicle's inspection sticker expires while the vehicle is out of state and the vehicle has been out of state for at least 30 days, the vehicle owner has 10 days after returning to Pennsylvania to get the vehicle tested.

Rhode Island

Last updated on: 07/13/2022

Program Area	**Statewide**
Boundaries	
Air Quality Status	Entire state is unclassifiable/attainment for the 2008 eight-hour ozone standard.
Program Name	Emissions and Safety Testing
Network Type	Decentralized
Number of Test Stations	349
Contractor	Opus Inspection
Contract Type	Management Contract (VID + Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	
Test Equipment Providers	Contractor Fee - $0.50 State Fee - $35.50 Inspector Fee - $19.00 Total Inspection Fee - $55.00
Other Fee Info	

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	2
Tests Required for Resale	A new inspection is required when sold by a licensed dealer.
Inspection Frequency	Biennial
Enforcement Method	Registration Denial and Roadside checks conducted by DMV and Local Police
Inspection Window	
Total Number of Vehicles	
Total # of Annual Tests	372,649
Remote Sensing Program	Clean Screen; Dirty Screen
Remote OBD Program	No
Remote OBD Description	Remote OBD Sensing conducted by Contractor

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1900	1995	Visual	$ 700.00	Gasoline	Up to 8,500	6,411
	1990	1996	Visual	$ 700.00	Diesel	Up to 8,500	
	1996	2018	OBD	$ 700.00	Gasoline	Up to 8,500	364,869
	1997	2018	OBD	$ 700.00	Diesel	Up to 8,500	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes 1995 and Older Visual Component Inspection $700.00 Gasoline Up to 8,500
New Developments	Heavy Duty Diesel Implementation possible by 2021-2022
Repair Tech Licensing	Yes
Repair Effectiveness Index	Yes
Waiver Requirements	A diagnostic waiver applies to vehicle owners whose vehicles have all emission control devices in place and operating and no additional repairs are reasonably possible or because they are unable to get their vehicle repaired because the necessary mission parts are no longer available or no longer manufactured. A repair cost limit waiver is available for vehicle owners if the vehicle failed the emission test and the owner has spent a minimum of $700 on emission-related parts and/or labor (labor must be performed by a CIRT to qualify and the vehicle still does not pass. A repair time delay waiver is available for vehicle owners who can prove financial hardship. A "Block Island" waiver was added in 2018 because the program phased-out dynamometer testing. Due to the size of Block Island, and the speed requirements of a monitor reset, any car located there cannot have its monitors reset and no longer can have the transient test to use instead. Therefore, these vehicles are issued a waiver if the vehicle failed due exclusively to monitors being "Not Ready", the MIL is functional but not illuminated and there are no DTCs present.
Exemptions	Vehicles less than two years old with less than 24,000 miles, Motorcycles and mopeds.
Reciprocity: Out of State Vehicles	Voluntary
Reciprocity: Vehicles Out of I/M Area	RI will accept the certificate of inspection and approval issued to a vehicle that was not in the State during the month that it's inspection approval expired providing that the out-of-state authority has a safety and emissions inspection law similar to Rhode Island's.

	2001	2023	OBD,CAP, Visual	$ 600.00	Gasoline	Up to 8,500/8, 501 to 10,000	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No 24 model year window
New Developments	In 2015, the program transitioned to a registration denial system from a 2-sticker system. In 2019, the Drive a Clean Machine Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program ended. In 2020, tailpipe testing aged out of the emissions inspection program. In 2025, mandatory annual vehicle safety inspection for non-commercial vehicles was eliminated statewide.
Repair Tech Licensing	Yes. The Recognized Emissions Repair Facility (RERF) program assists motorists in finding emissions repair shops in their area.
Repair Effectiveness Index	Yes
Waiver Requirements	Low Mileage: driven < 5,000 miles since last inspection, at least $100.00 in emissions repairs performed. Low-Income Time Extension: granted to individuals who qualify for public assistance. Valid for one testing cycle. Parts Availability Time Extension. Individual vehicle waiver.
Exemptions	The newest 2 model years and model years over 24 years old. Diesel powered vehicles and motorcycles.
Reciprocity: Out of State Vehicles	Out-of-state vehicles must be registered if residence is established or the owner becomes gainfully employed. Out-of-state motorists should request a "Voluntary Emissions Test."
Reciprocity: Vehicles Out of I/M Area	Not applicable

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No Older than six years - Biennial TSI unavailable - All vehicles
New Developments	January 1, 2021 - TSI Testing no longer available in Cache County. Any vehicles requiring TSI inspection are exempt per BRHD Regulation 2013-1. This includes any vehicle of model year 1995 or older, OR 2007 and older gasoline-powered vehicle with a GVWR greater than 8,500lbs. July 1, 2024 - Mobile emissions testing allowed under BRHD Regulation 2013-1. "Authorized Emergency Use" vehicles exempt from emissions testing in Cache County. Waiver for part unavailability possible. See BRHD Regulation 2013-1 for more details. https://brhdut.gov/wp-content/uploads/2024/07/Regulation-2013-1-Revised-2024.07.01.pdf
Repair Tech Licensing	
Repair Effectiveness Index	
Waiver Requirements	Waivers are not issued for tampered vehicles, so 1998 to 2006 diesel vehicles that fail would not be eligible for a waiver All vehicles must spend at least $200 on qualifying repairs. Tampering related repairs do not count. "Parts Unavailable" Waiver. Must have failed emissions test presenting relevant fault code. Must also have a statement from both: 1) Mechanic/Auto Parts facility and 2) Manufacturer dealership (or manufacturer directly) stating parts are unavailable for a timeframe of 6 months or more.
Exemptions	First five model years exempt. Motorcycles, farm trucks, vintage vehicles (30+ years old used for parades and shows), electric vehicles, and off highway vehicles. 2007 or older with GVWR greater than 8,500lbs. 1995 and older gasoline-powered vehicles. 1997 and older diesel-powered vehicles.
Reciprocity: Out of State Vehicles	Vehicles that are registered out of state, but tested in Cache County must meet the same tampering and testing standards as vehicles registered in Cache County. The same fees apply.
Reciprocity: Vehicles Out of I/M Area	Must complete an out of state exemption form and be tested according to the testing procedures applicable at the location. If the vehicle is located in an area that does not have an emissions testing program, an out of state exemption form is completed and submitted with a VIN verification form signed by local law enforcement, military officer, or campus security. Form can be found at brhdut.gov/forms/out-of-state-deferral-form/

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No 6 years and newer - Biennial Older than six years - Annual
New Developments	Diesel NOx testing, new DAD paddles and lane cameras. Addition of the Davis County Vehicle Repair Assistance Program. This program offsets the cost of emissions related repairs for vehicles that have failed an emissions test in the last 30 days. The amount of assistance is based on the vehicle owners income level.
Repair Tech Licensing	Yes. Certified Emission Tester, 5 years full-time experience, ASE A-8 and L-1 Certified.
Repair Effectiveness Index	
Waiver Requirements	1968-1980: $250, once/vehicle; 1981-1995: $350, once/vehicle; 1996-current model year: $450; once/vehicle. Tampering repairs do not count. Vehicle must show improvement after repairs. Certified Repair Facility must perform repairs for labor costs to apply.
Exemptions	• Vehicles less than two (2) Model Years old; • Even-numbered Model Year vehicles in odd-numbered years and odd-numbered Model Year vehicles in even-numbered years with Model Years less than six (6) years old; • All agricultural implements of husbandry and any Motor Vehicle that qualifies for an exemption as required by Section 41-1a-102 Utah Code Annotated, 1953, as amended; • A vehicle Registered as a Farm Truck may obtain an Exemption Form by contacting the Division; • Any vehicle used for maintenance or construction and not designed or licensed to operate on the highway; • Any Motorcycle or motor driven cycle (including vehicles which operate with an engine normally used in a Motorcycle with a maximum of three wheels or less); • Any vehicle Registered exclusively as an Off Highway Vehicle; • Any vehicle 1967 Model Year or older; • Any new vehicle being sold for the first time that has a valid MSO (Manufacturer's Statement of Origin) form; • Any Motor Vehicle which qualifies for legislative or diplomatic exemptions; • Any vehicle that operates exclusively on electricity or battery power.
Reciprocity: Out of State Vehicles	Vehicles that are registered out of state, but tested in Davis County must meet the same tampering and testing standards as vehicles registered in Davis County. The same fees apply.
Reciprocity: Vehicles Out of I/M Area	Must complete an out of state exemption form and be tested according to the testing procedures applicable at the location. If the vehicle is located in an area that does not have an emissions testing program, an out of state exemption form is completed and submitted without an emission certificate.

Exemptions	
Reciprocity: Out of State Vehicles	Vehicles that are registered out of state, but tested in Salt Lake County must meet the same tampering and testing standards as vehicles registered in Salt Lake County. The same test fees apply except the $3.00 APC fee.
Reciprocity: Vehicles Out of I/M Area	Must complete an out of state exemption form and be tested according to the testing procedures applicable at the location. If the vehicle is located in an area that does not have an emissions testing program, an out of state exemption form is completed and submitted without an emission certificate.

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - Yes
New Developments	1. Waiver is repealed on January 1, 2023 as per 2021 Vermont Transportation Bill (Act 55, Sec. 26) 2. Emissions Repair Program development authorized by the 2021 Vermont Transportation Bill (Act 55, Sec. 25)
Repair Tech Licensing	No license required for repairs, but recognition for completion of VCERTT training classes
Repair Effectiveness Index	No
Waiver Requirements	1. Vehicle must pass the safety component inspection and have failed the OBDII inspection for an emissions component failure. Vehicles that fail for the vehicle being “not ready” will need to become “ready” to complete the testing. 2. An emissions component repair estimate and/or amounts spent on the emissions repair must exceed $200. 3. Emissions repairs must not be covered under warranty. 4. Vehicle must not have received a time extension waiver the preceding inspection cycle.
Exemptions	Starting from the current calendar year, vehicles 16 model years old or less, having a GVWR of 8,500 pounds or less will be required to undergo an on-board diagnostic (OBDII) system inspection. Vehicles falling outside this applicability 16 model year window are exempt.
Reciprocity: Out of State Vehicles	Vermont will conduct an inspection for an out-of-state vehicle in order for that vehicle to comply with its state requirements.
Reciprocity: Vehicles Out of I/M Area

I/M Jurisdiction Report

Virginia

Last updated on: 10/10/2025

Program Area	**Northern Virginia (DC-MD-VA Non-Attainment Area)**
Boundaries	Counties: Arlington, Fairfax, Loudoun, Prince William, and Stafford Cities: Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park.
Air Quality Status	O3: Non-attainment (marginal)
Program Name	Air Check Virginia (Department of Environmental Quality [DEQ])
Network Type	Decentralized
Number of Test Stations	531 as of end of calendar year 2021. Note, not all stations were operational the entire year. This number fluctuates as stations join and leave the program throughout the year.
Contractor	Opus Inspection
Contract Type	Program Coordinator Services Contract (VID + Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	No further renewal options.
Test Equipment Providers	Equipment Provider: Opus Inspection Total Inspection Fee: $30.00
Other Fee Info	Inspection fee is market-based and capped at $30. Stations may charge up to $30 and the clean screen fee is set at $30. Program Funding: The Department of Motor Vehicles collects a $2 annual fee at registration for all vehicles subject to program.

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	4 year exemption (effective May 26, 2016). Note: Vehicles registering prior to May 26, 2016 received 2-year exemption.
Tests Required for Resale	No
Inspection Frequency	Biennial
Enforcement Method	Registration Denial
Inspection Window	90 days before due date
Total Number of Vehicles	1,067,614 (2021)
Total # of Annual Tests	867,700 initial tests in 2021
Remote Sensing Program	Clean Screen, High Emitter, and Liquid Leaker Contractor: Opus Inspection Contract expires March 9, 2023; No renewal options remain
Remote OBD Program	None
Remote OBD Description	N/A

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1968	1995	ASM/TSI, Visual, RSD	$ 1,060.00	Gasoline	Up to 10,000	
	1996	2025	OBD,Visual, RSD	$ 1,060.00	Gasoline	Up to 10,000	
	1997	2025	OBD,Visual	$ 1,060.00	Diesel	Up to 8,500	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Note on model year ranges: Vehicles 25 years or older and current model year and three preceding model years are exempt from biennial emissions inspection requirement. However, these vehicles are still subject to the remote sensing high emitter program if they are gas-powered or hybrid. Additionally, new vehicles registered prior to May 26, 2016 when the 4-year exemption became effective, received only a 2-year exemption. Hybrids Tested - Yes, exempt if 50+ city mpg (still subject to remote sensing high emitter program). Safety Inspection - Yes, an annual decentralized safety inspection program is operated by the Virginia State Police.
New Developments	Legislation passed in 2018 exempting military surplus motor vehicles from emissions testing. High evaporative emissions (liquid leaker) notification ;(with voluntary repairs) resumed June 2018. VID and remote sensing services contracts renewed through March 2023.
Repair Tech Licensing	Repair facilities and technicians must be certified by DEQ if they want their work eligible to be applied to repair waivers. Additionally, Emissions Inspection Stations must be permitted by DEQ and Emissions Inspectors must be licensed by DEQ.
Repair Effectiveness Index	No
Waiver Requirements	$1060 effective January 6, 2025. Re-evaluated each year for CPI adjustment of $450 in 1990 dollars. Repairs must be completed by or supervised by a Virginia Certified Repair Technician at a Virginia Certified Repair Facility.
Exemptions	Motorcycles; autocycles (unless equipped with EPA-approved OBD); registered antique vehicles; military surplus motor vehicles; fire and rescue equipment; tactical military vehicles; vehicles powered exclusively by clean fuels; vehicles not designed at time of manufacture to meet emissions standards set or approved by the federal government; hybrid vehicles that are US EPA certified for 50 mpg city (or better); gas-powered vehicles with a GVWR over 10,000 lbs.; diesel-powered vehicles older than 1997 and/or with a GVWR over 8,500 lbs.; and vehicles 25 years or older. New or demonstrator vehicles being titled for the first time are exempt from emissions inspections for 4 years and vehicles of the current and three previous model years are exempt from emissions inspections for up to 4 years. Note, new vehicles registered prior to May 26, 2016 when the 4-year exemption became effective, received only a 2-year exemption. Although exempt from biennial inspection requirements, all gas-powered and hybrid vehicles 1968 and newer and up to 10,000 pounds GVWR are subject to the remote sensing high emitter program.
Reciprocity: Out of State Vehicles	Inspections will be performed on any motor vehicle upon request regardless of registration. Vehicles being registered for the first time in Virginia that have a current valid emissions certificate from another state (performed in the last 12 months) may be titled and registered without a Virginia emissions inspection. Subsequent registration renewals would require a Virginia emissions inspection.
Reciprocity: Vehicles Out of I/M Area	Virginia does not accept any other state's emissions inspections at this time, with exception of the vehicles being registered in Virginia for the first time as stated above. Virginia-registered vehicles located out of state (for example, a child using the vehicle at college or an owner on temporary assignment or military duty out of state), may be eligible to have their emissions inspection requirement deferred. These deferrals must be approved by DEQ.

Other Info	On-Road Emissions (ORE) Program resumed in 2016. New program expanded and allows up to 30% of the I /M fleet to be eligible for a clean screen. High emitter identification (with required confirmation test and repairs) resumed September 2017. All gas-powered and hybrid vehicles 1968 and newer and up to 10,000 pounds GVWR are subject to the ORE high emitter standards. High evaporative emissions (liquid leaker) notification (with voluntary repairs) resumed June 2018.

I/M Jurisdiction Report

Wisconsin

Last updated on: 07/03/2025

Program Area	**Southeastern Wisconsin**
Boundaries	Counties of Kenosha, Racine, Milwaukee, Ozaukee, Sheboygan, Waukesha, and Washington
Air Quality Status	8-hour ozone: Milwaukee County, Ozaukee County, and parts of Racine, Washington, Waukesha, Sheboygan and Kenosha counties are classified as “serious” nonattainment for the 2015 standard. PM2.5: maintenance for Milwaukee, Racine, Waukesha counties.
Program Name	Wisconsin Vehicle Inspection Program (WIVIP)
Network Type	Decentralized
Number of Test Stations	Up to 200
Contractor	Opus Inspection
Contract Type	Management Contract (VID+Equipment)
Contract Expiration	
Other Contract Info (Contract Extensions)	Contract includes options for two 3-year renewals.
Test Equipment Providers	
Other Fee Info	State Petroleum Inspection funds pay for the program.

I/M Jurisdiction Report
Vehicle Coverage and Test Types

Age of First Test	4
Tests Required for Resale	Yes
Inspection Frequency	Biennial
Enforcement Method	Registration Denial
Inspection Window	180 days before due date
Total Number of Vehicles	
Total # of Annual Tests	650,000
Remote Sensing Program

Remote OBD Description	

	Oldest	Newest	Test Types	Waiver Amount	Fuel Types	Weight Classes	Test Volume
Model Year Ranges	1996	2022	OBD	$ 1,144.00	Gasoline, CNG /LNG/LPG	Up to 8,500	
	2007	2022	OBD	$ 1,144.00	Gasoline, Diesel, CNG /LNG/LPG	8,501 to 14,000	

I/M Jurisdiction Report

Program Details and Updates

Other Coverage Info	Hybrids Tested - Yes Safety Inspection - No
New Developments	
Repair Tech Licensing	Recognition program but no licensing program. List of recognized facilities updated semi-annually. ASE L1, or WISETECH (state-developed course) diploma, or equivalent for recognition.
Repair Effectiveness Index	Yes
Waiver Requirements	Visual inspection required for waivers
Exemptions	Diesels model year 2006 and older Vehicles older than model year 1996 Vehicles over 8,500 lbs. GVWR 2006 and older Motorcycles, mopeds, farm trucks, and solely electric powered vehicles.
Reciprocity: Out of State Vehicles	An out-of-state car or light truck can be tested as a "voluntary" inspection provided that it is OBD II compatible, and is within the program's model year and weight range applicability criteria. Whether or not the result of the Wisconsin inspection enables the vehicle to comply with its home state's I/M requirements depends on the reciprocity provisions of the home state's I/M program. Emissions inspection facilities in Wisconsin may be found by clicking on “Find An Inspection Facility” at wisconsinvip.org or by calling 1-866 – OBD – TEST (1-866-623-8378).
Reciprocity: Vehicles Out of I/M Area	A vehicle absent from I/M area but operating in another area requiring inspections can comply by passing the I /M inspection of that other area. The owner/lessee of the vehicle must submit an official VIR indicating that the vehicle passed. If that area does not allow an inspection for the Wisconsin vehicle, the owner or lessee may apply for a temporary exemption.
